Chautauqua County COVID-19 Updated By Jeanie Beason, R.N.

COVID -19 cases in Chautauqua County are at 25, but take into consideration some of these are repeat positive tests that are needed for some individual's work place policies to return to their jobs. At this time we have 3 active cases in quarantine and 22 cases recovered. We routinely monitor for new cases on the KDHE disease investigation website. Chautauqua County Health Department will do COVID-19 testing for the public if they have at least two or more symptoms. This is the KDHE guidelines. This test will be sent to the KDHE Lab and will take 3 or more days for results. The person tested will have to be in quarantine for 10 days unless a negative test result is received and further instructions are given. Please call the Health Department for screening and appointment time for testing. If you have any questions or have need of COVID -19 testing please call 620-725-5850.
